Dear families,

This week's focus has been lesson observations of each of our teachers and support staff. This involves spending an hour in each class to review the learning which is taking place; identifying what's working well and offering ideas to further enhance the lesson. It has been a pleasure to observe our staff and children. The children in our school are engaged, excited and working really hard! Teachers are providing a good range of challenges and practical lessons. The children are proud of their learning and can't wait to show us their work; have to say we are very proud too!

Next Friday is 'NSPCC Number Day 2019'. As a school we are having a whole day of marvelous math's – don't forget to dress up as a number or a pattern! Children will be accessing a range of math's learning throughout the day. In the morning children will be rotating around the classrooms completing a range of activities based on shape, fractions and measure these will include practical and creative activities. During break time there will also be math's snack available to purchase for 20p, which children will have made the day before – if there are any left these will be sold at the end of the day as well. We then look forward to you all joining us for the Math's Cafes from 2pm to join in with the fun. (Tea, coffee and biscuits provided!)

An exciting week ahead!

Regards

*Miss Hayes & Mrs Arrowsmith*
