

RSE Parent Workshop

From September 2020 the Government have put in place a new compulsory 'Relationships Education, Relationships and Sex Education (RSE) and Health Education' programme of study.

We have organised for an adviser ,who has been involved in designing the programme of study, to come to our *schools to talk parents and carers through some of the changes and the implications for teaching in our schools.

Tuesday 10th March, 2020, 6 to 8 p.m

**St Germans Academy— School Lane, St Germans,
PE34 3DZ**

We would like as many parents from all three of our schools to attend as possible. It is important that you are involved in the consultation process before all of the changes are put in place from September 2020.

For further information please speak to the school offices.
